Alii Friends of the RISL,

Sending you another strong reminder to make clear and understand the restrictions and prohibitions of Koror State law for the prohibition to entry to other marine lakes:

Koror State Law K8-207-2009, Section 10 (Prohibition to Entry to Other Marine Lakes):

- It is illegal to enter or go near within 200 feet of other marine lakes in Koror State.
- It is illegal to support, provide help, or encourage, assist, guide, escort or otherwise take any person to any jellyfish lake in violation of this law.
- **The only marine lake that is open to the public and all visitors is Jellyfish Lake - Ongeim L' Tketau.**

Anyone found to be visiting, providing service, supporting, helping or assisting, guiding, escorting or otherwise taking people to any other marine lakes will be prosecuted in violation of the law.

The Koror State Rangers is continuing to enforce regulations to all marine lakes, and request everyone's full cooperation to comply with the regulations to ensure full protection and conservation of these invaluable marine lakes.

Please contact the Koror State Rangers Office at 488-8738 (Admin) or 488-2150 Central Dispatch Line to report violations, and for any questions regarding the law and regulations about marine lakes in Koror State.
