

RPPS Postal eBox Service

Instead of a physical mailbox, we will provide you with a unique postal eBox address. This address can be used for all your postal communication needs, including receiving letters and packages.

Safe and Secure

Rest assured that your mails are in safe hands. RPPS follows strict protocols to protect the safety and sanctity of your mail and ensure a reliable delivery. A valid I.D. must be presented to claim any mail items.

Easy and Convenient

Conveniently manage your Postal eBox, track incoming mail, and request mail forwarding or hold services. You will receive notifications by way of email. In the event that we are not able to reach you by email, a secondary notification will be sent to you on a platform that is convenient for you (Messenger/WhatsApp/Text).

Affordable Pricing

We value your satisfaction and aim to provide services at the most affordable prices possible. The annual subscription rate for our Postal eBox service is set at an economical rate of \$60 for personal use, \$75 for Organizations, and \$100 for Business, offering exceptional value for your money.
