MEDITERRANEAN SPIRIT. PACIFIC SOUL:
FOUR SEASONS EXPLORER PALAU UNVEILS NEW WATERFRONT HUB, M-DOCK IN KOROR

PALAU, October 3, 2026 – Four Seasons Explorer Palau unveils M-Dock, a chic new waterfront restaurant, bar and lounge where the coastal spirit of the Med meets the soul of the Pacific. Set in Koror, Palau, the home port marina of the iconic floating resort, M-Dock pairs sunset cocktails, fresh seafood and handmade pastas with uninterrupted views of one of the world's last great wildernesses.

The opening marks an exciting new evolution for Four Seasons Explorer, extending the 39-metre (128-foot) catamaran's seafaring luxury onto Palau's shores.

A refined yet relaxed social hub, M-Dock welcomes Four Seasons guests at the beginning and end of their Explorer voyage. Open to locals and visitors alike, it is a place to linger over bold dishes with island accents while enjoying wide-ranging drinks and nightly DJs.

Mediterranean spirit. Pacific state of mind.

M-Dock's menu celebrates the vibrant flavours of the Mediterranean, reimagined with Palau's exceptional seafood and island produce. Think freshly caught ceviche and tuna carpaccio, handmade pastas featuring organic Koror-laid eggs, local lobster and vongole, plus herbs and microgreens grown by the M-Dock team. Cocktails range from zero- to full-proof, the wine list rewards exploration and nightly DJs provide the soundtrack as golden hour drifts into casual evenings by the marina.

Open daily from 10:00 am for drinks and specialty coffees, with The Golden Pour from 5:00 pm to 7:00 pm, and Dinner from 7:00 pm to 11:00 pm, M-Dock brings something new to Palau's day-to-night scene while honouring the easy rhythm of island life. As the gateway to Palau's greatest adventures, the hub hums with stories of a place sought out by those drawn to the rare, the remote and the remarkable.

Celebrating the Opening of a New Waterfront Dining Destination

The opening of M-Dock was marked by an elegant cocktail reception on September 29, 2026 at the restaurant's waterfront, attended by His Excellency Surangel Whipps Jnr., President of the Republic of Palau, and First Lady Valerie Whipps, plus an esteemed gathering of senior dignitaries including State Ministers, Ambassadors, Governors of Palau, members of the Senate and the Legislature board, representatives from Palau Visitors Authority, the business community and the media. Hosted by Armando Kraenzlin, Regional Vice President of Four Seasons Resorts Maldives, Bali, Palau and

Mumbai, and his team, the reception offered guests a preview of the dining experience, featuring a curated selection of signature dishes and handcrafted beverages from the restaurant's Mediterranean-inspired menus. The occasion celebrated the arrival of a new waterfront dining destination, setting the tone for an experience defined by exceptional cuisine, warm hospitality, and a lively social atmosphere.

From Shore to Sea: Four Seasons Explorer, a Cruising Resort

Adding a unique dimension to the waterfront experience, guests can also access the Four Seasons Explorer via one of the two company's speedboats that depart directly from the restaurant's jetty. Accommodating up to 22 guests, Four Seasons Explorer combines the comfort of a luxury resort with the freedom of life at sea. The 39-metre floating resort has 10 staterooms and one Explorer Suite, creating an intimate base for discovery. Guests share a restaurant, bar, library, spa nook and onboard PADI 5-Star Dive Centre alongside tailor-made experiences from castaway beach picnics to locally inspired wellness rituals. Four Seasons Explorer offers daily embarkations and disembarkations with no minimum stay to accommodate every schedule.

Together, M-Dock restaurant and Four Seasons Explorer create a seamless journey between dining ashore and bespoke experiences at sea, reinforcing Four Seasons distinctive hospitality in Palau across both land and sea.
